

GLASS ON GLASS MOSAICS

Come along and immerse yourself in a one day glass on glass workshop with your tutor Chris Fahey.

Take some time out for you and explore the colourful world that working with glass offers. Discover the unique effects that colour, light and transparency can achieve by creating a “stained glass” mosaic artwork that will add colour and joy to your home or garden.

In this workshop you will learn about the “glass on glass” technique to create a small circular work using a recycled substrate that will be suitable to be hung or displayed on a stand indoors or out. A variety of designs will be offered - abstract rainforest or beach scene, mandala, the choices are unlimited.
